Re: 8A Application – Past Performance

Dear Billy:

Please accept this letter as documentation that Bovis Lend Lease (BLL) in our role as Construction Manager for the Smithsonian Institution (SI) has worked closely with Calvert Contracting Inc. (CCI) on several construction projects at the National Zoological Park, Rock Creek Campus (NZP). The mechanical work performed by CCI has been subcontracted through a General Contractor who has ultimate responsibility for overall project schedule and coordination of all trades. The CCI scope of work includes providing new air makeup units and supply piping at the Boiler Plant, providing new HVAC and plumbing systems for the New Security Control Suite as well as plumbing work for a new Think Tank bathroom. The work installed to date has been performed in a professional manner resulting in a quality product. CCI has always been extremely cooperative in addressing any concerns relative to the execution of this work.

If you have any questions please feel free to contact us.

Sincerely,
BOVIS LEND LEASE, INC.

A handwritten signature in blue ink, appearing to read "Brian Grove".

Email: Billy.Soper@calvertcontracting.com**

We are applying for our 8a application and they are requesting a letter of performance for contractors that we have worked with. They are requesting all letters be on Company letterhead and we have to turn them in on Thursday July 1, 2010. I know this is very short notice but would appreciate anything that you can supply to help.

Thanks,
Francis W. Soper III
President
