RE: Recommendation letter for 8a Program

To whom It May Concern,

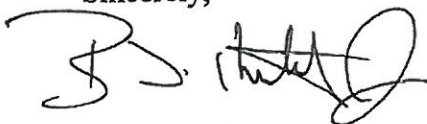

Environmental Balancing Corp. has been doing business with Calvert Contracting, Inc. since 2008. We have found them to be professional in all aspects.

Their staff in the office is thorough in it's correspondence pertaining to bids, forwarding necessary forms to be completed, timely phone calls and a pleasure to speak to and deal with.

Their field personnel is trained and is very knowable in their field and workmanship. Scheduling projects, completeness of work and communication is without question the best in their field.

Their character for the past 2 years has been outstanding and has been a pleasure to work for. I am looking for many more years to be doing work with them.

Sincerely,

Raymond D Hardest, Jr
President/AABC TBE
